PROFESSIONAL SUMMARY

Enterprise sales leader with 23+ years building and running large, complex technology and telecom businesses across Cisco-adjacent ecosystems like Dell Technologies, HP Inc., Vodafone Idea, and Bharti Airtel, including direct P&L ownership for BFSI and global enterprise accounts up to \$200M. I've led go-to-market strategy in matrixed organizations, built high-performing sales teams of up to 35, and served as a trusted advisor to CXOs guiding digital transformation, cloud, security, and AI-led modernization. I care about developing people as much as hitting numbers but some of my proudest wins are the teams I've built along the way, not just the budgets I've cleared.

AREAS OF EXPERTISE

- Strategic Growth & GTM Strategy: Enterprise GTM Architecture | Institutional BFSI Market Expansion | Recurring Revenue Optimization (ARR/MRR)
- Digital & Security Transformation: Artificial Intelligence (AI) Adoption | Cybersecurity Commercialisation | Cloud & Digital Infrastructure Evolution
- Ecosystem & Relationship Governance: Board & CXO Alliance Building | Strategic Partner Ecosystems | Co-Sell & Channel Orchestration
- Executive Leadership & Scale: Cross-Functional Matrix Leadership | Fiscal Stewardship & P&L Optimization | High-Performance Talent Architecture
